

MAKING WAVES

July 2011

So what's going on at AusSea Sailing School? We've got some exciting updates for you:

- **Offshore Day Course on the 27th of August – try your hand at sailing a Farr 36, plan a coastal passage and do some night sailing. 100 % fun guaranteed**
- **Join AusSea Boat Club and charter one of our J24's for a fraction of the price**
- **Get ready for summer racing with our YA Spinnaker and Racing Crew Courses and save dollars!**

GO OFFSHORE!

After the successful Offshore Day Course in June – not only did we see dolphins but we also spotted some whales – the next coastal passage is planned for Saturday the 27th of August. This is an ideal way to test your sea legs, learn more about coastal navigation and how to plan a safe coastal passage plus some night sailing.

The plan is to sail a coastal passage from

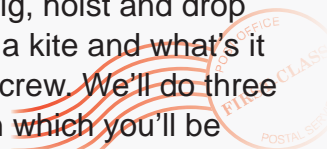

Botany Bay to Sydney Harbour and back again. For this course we'll be chartering, a Farr 36. So be quick, as there are only a few spots left for this exciting and popular course! Please note that students need to have completed the YA

Keelboat Helm or Inshore Skipper Course to be able to participate in the offshore day course. Phone us on 9592 3565.

ADRENALIN SAILING

Have you finished the Keelboat Courses and would you like to get the blood pumping? Then it's time for some serious fun and excitement with our Keelboat Spinnaker Course or Keelboat Racing Course. During two full days you'll learn how to pack, rig, hoist and drop a spinnaker, how to gybe a kite and what's it like to be part of a racing crew. We'll do three sessions of three hours in which you'll be helping the boat, trimming the kite and acting as the bowman. During the last session we'll actually take part in a spinnaker race to put everything we've learned into practise. This course runs monthly and can also be given on your own yacht to train with your own crew. Give us a call if you would like more information and if you book this course in July and August it will only cost \$495 instead of \$545. Phone Marc on 0419-229 522.

SKIPPER YOUR OWN YACHT, WITHOUT THE HASSLE AND COST

What's more exciting than cruising around Botany Bay, dropping an anchor to have some lunch on your own private beach at Towra Point followed by a swim before you setting sail again back to Yarra Bay? Do you love the idea, but you don't fancy the hassle and cost of owning your own yacht? Then the walk on, walk off service of the AusSea Boat Club might be the perfect solution for you. Becoming a member of AusSea Boat Club allows you the opportunity to take one of our J24's out at a fraction of the regular charter price. No need to worry about insurance, mooring fees, anti-fouling and other maintenance issues. We have various memberships on offer, starting from \$2,000. Conditions apply. Give our office a call to discuss further options 0419-229 522.

(CORPORATE) MATCH RACING

Teamwork determines the outcome in a yacht race, just as it does on the work floor. A skipper or CEO can be very skillful and tactically brilliant, but if his/her crew is not able or willing to follow, not much will be achieved. Teambuilding in the confined environment of a yacht has proven to be very successful and AusSea Sailing School offers boat-based training and programs to bond any board or sales team. Through match-racing, the instructors of AusSea Sailing School - all state and national champions in various classes - will bring teams closer together in a competitive spirit, while having fun and enjoying a great day on the waters of Kogarah and Botany Bay. Phone us for a tailor made match-race program. 0419-229 522.

WINTER SPECIAL \$100 OF ALL YA KEELBOAT COURSES

Winter is a great time to start sailing, especially with our Winter Special - \$100 off our YA Keelboat range. AusSea Sailing School is running Keelboat Crew, Helm and Seamanship Courses (a course aimed at students who aspire to own a yacht or already do) all the time. A lot of new students have joined us in the past few months and have caught the sailing bug. The courses run 7 days a week, two times a day to cater for everyone's needs. And don't forget that you'll be able to practice in the three months after completing the courses, an ideal way to keep your skills up. Please phone us for more details on 0419- 229 522.
